7th October 2025

Dear Year 11 Parents and Carers,

ARRANGEMENTS FOR NOVEMBER YEAR 11 MOCK EXAMINATIONS

At the end of Year 10, students completed their first full set of mock exams. They did a fantastic job and conducted themselves well during these. This next set of Year 11 mocks will again form an integral part of the preparation process for the summer: allowing students to become familiar with routines and expectations. Importantly, they will provide data and next steps to inform future independent revision and lessons in school.

The first set of exams in Year 11 will start from Monday 10th November. If a student misses an exam, for the mocks, they will be required to catch this up and this could take place after school. Whilst we can offer this for mock exams, **it is important to note that for the summer exams, if an exam is missed, students cannot sit this at a later date.**

During the exam window, students will attend school for the start of the day as normal. This will allow them to register with their tutor, and to have time to prepare with their peers. From 8:40 am, students will leave their tutor room, and head to the exam area outside the Sports Hall; lining up based on their seat number. The students will then move into the hall with the aim for the exam to be underway by 9:00 am. On most days, after their morning exam, students will have their break, and at times this will be extended in length. If a student has extra-time that overruns break, they will have a break after their exam. For some shorter exams (those of around an hour), students will return to Period 2, and whilst in class, teachers will complete activities and revision, but in doing this, they will be mindful of the fact the students have just finished an exam. This approach proved positive with students last year, and they appreciated the extended break to decompress after their exam.

After break, students will attend their normal timetabled Period 3 lesson to continue with revision; this may be subject specific and directed by their teacher or independent and linked to their afternoon exam. Lunch will remain as normal, and at the end of lunch, the students will again line up in the playground with the aim of starting their afternoon exams at 1:00 pm. Finally, as we know the exam period can feel intense for some students, and again to replicate the summer exams, when they finish their afternoon exam, the students will have the option to either study independently in the LRC, or to finish the school day slightly earlier and leave site. If a student wishes to remain on site, please could you let Miss Clayton know via email, so that we can plan staffing.

If a student does not have an exam when other students are in one linked to their option choices, those without an exam will be able to attend either their normal lesson to continue with coursework, or in a few cases where this is not possible as their teacher is teaching another class, the students will be supervised to revise independently. So students can see this time in their exam timetable, these sessions will appear as ‘lesson - xxx’, or ‘independent revision’. For independent revision, please ensure your child brings some suitable resources for this session; this may be exam questions, or other resources such as a revision guide.

It is essential that your child has read the ‘JCQ Information for Candidates’ documents which can be found here on the website under the JCQ guidance section. The document outlines the items that are permitted and prohibited from the examination room. Students will be expected to put all their belongings in their lockers before meeting in the examination area (the playground at the back of the school by the Sports Hall). **It is important that all equipment that is needed for the examination is taken inside the examination room (including a calculator, protractor, etc. where allowed) as there**

will not be any replacements handed out. Students must also know their seat number for each examination; this will be on their personal examination timetable, which will be issued via Arbor shortly, and it will be posted daily on the noticeboard outside the exam hall.

Whilst we know that students showed the correct attitude and approach to their end of Year 10 exams, and for their Religious Studies GCSE, it is important to note that if a student doesn't follow the protocols as set out by the JCQ they will be removed from the exam; this is true for both mock and final exams. In both cases sanctions will be put in place in line with the School's Behaviour Policy, and for GCSEs, if a student is removed, this will result in them scoring zero for the paper, and they could be withdrawn from the entire subject by the exam board.

We appreciate there is a lot of information in this letter, but please do discuss this with your child. Over the coming weeks we will also cover this in an assembly, and tutors and teachers will continue to support students and reaffirm this information too. To help, on the last page is a table that outlines the papers that will be sat in this series of mocks, and the broad topics that will be covered.

Finally, if you have not yet signed up for the **Year 11 Information Evening for parents on Wednesday 15th October**, you can do so via this form. The event will start at 6:45 pm and last around 30 minutes.

If you have any questions or require further support, then please do get in touch. We are very much looking forward to a successful mock examination period and to continue to work with the students to prepare them for the summer.

Kind regards,

Adam Littleboy
Assistant Headteacher

Lily Clayton
