Dear Year 10 Parents and Carers,

Year 10 Review 1

This letter is to accompany the first review of Year 10. The format of our reviews has been updated for this academic year and to support you with the information shown, at the end of this document is an example review with further narrative and guidance written around a generic template. There is also guidance for how to access the reviews via Arbor.

Since the start of the year, your child has been learning specific skills and knowledge in each of their subjects appropriate for this stage of their education. You can find more information about their curriculum, including overviews for each subject, here on the website.

For each subject you can see your child's end of Year 11 target grade; this will be displayed as a numerical grade (9 to 1) for GCSE courses, and either as a pass, merit or distinction for vocational courses. **For Religious Studies only**, you can see your child's current grade (based on recent pieces of assessed work), and the overall mock grade for their November mock exam. Future reviews will provide attainment data for all subjects.

Alongside their grades, you have been provided with information about your child's effort in and outside of the classroom; this is based on the criteria below.

In class effort:

- **Excellent** - your child is consistently well focussed in lessons and engages in discussion. They are well prepared for learning, and they always complete work to the best of their ability while striving to be ambitious in their learning.
- **Good** - your child is generally well focussed in lessons and they engage in some class discussion. They are prepared for learning and complete work to the best of their ability.
- **Satisfactory** - your child is focussed in lessons most of the time, but is sometimes distracted or off task. They are prepared for learning most of the time, and the quality of the work they produce meets the basic learning aims of the lesson, however, they could be more ambitious with their learning.
- **Unsatisfactory** - your child is frequently not focussed in lessons and distracts others. The quality of their work is often poor and / or they frequently do not complete enough work. They rarely have their equipment, and they are not prepared for learning.

A reminder of general, and subject specific, equipment can be found here.

Out of class effort:

- **Excellent** - your child always meets deadlines, and the work completed out of lessons shows real effort and commitment, there is evidence that extra reading / revision has taken place.
- **Good** - your child generally meets deadlines and the work they do out of lessons is consistently completed to the best of their ability.
- **Satisfactory** - your child sometimes misses deadlines, and the work completed out of lessons is sometimes unfinished or not done to the best of their ability.
- **Unsatisfactory** - your child often fails to meet deadlines, and their work is often incomplete or of poor quality.

You can find homework timetables and further guidance here.

You can also see your child's attendance and the number of occasions they have been late to lessons; this is shown year-to-date. Regular attendance matters and we encourage all students to aim for 100% each week as every day counts in their educational journey. Consistent school attendance allows your child to:

- Fully engage in learning and make academic progress
- Develop critical social skills by interacting with their friends and teachers
- Grow in confidence
- Build a sense of routine and responsibility

We greatly appreciate your role in maximising your child's attendance and thank you for your ongoing support. Together, we can help them reach their full potential!
